

iT IS IMPERATIVE THAT you continue to allow fm translators to
functin as they have. I listen to Klove on 88.9. It has changed
my life, as well as that of my families. If K-Love were to be
displaced by an LPFM broadcaster, we would no longer have a source
of contemporary Christian music in this community. Klove reaches
out with their music and brings many young poeple the Gospel, as
just plain old ordinary, boring, "christian music" can.. It changes
lives for the better and makes better citizens of our young people.
Please do not let a LPFM station take it's place on our radio dial.

regarding.. 04-233 proceeding..

thank you.
